APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the place of use of a portion of the waters of an underground source as heretofore granted under Permit 55348 is issued subject to the terms and conditions imposed in said Permit 55348 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

Monthly records shall be kept of the amount of water pumped from this well and the records submitted to the State Engineer on a quarterly basis within 15 days after the end of each calendar quarter.

(CONTINUED ON PAGE 3)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.0154 cubic feet per second, but not to exceed 1.62 acre-feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before:

EXHIBIT "A"**Permit 55348**

The water under Permit 55348 is appurtenant to Assessor's Parcel Numbers 1220-24-601-034, 1220-24-601-035, 1220-24-601-036, and 1220-24-601-037.

Douglas County intends to file an "Affidavit of Relinquishment for Domestic Well Credit" on a portion of the water permitted under 55348. The affidavit will release 8.08 acre feet (4 lots at 2.02 acre feet each), this will leave a balance of 1.62 acre feet. Douglas County will file concurrently with the affidavit, an Application to Change that will move the 1.62 acre feet into the Fairgrounds.

Based on the above information, Douglas County respectfully requests that an Extension of Time be granted for a period of One (1) year.
